Silk Culturists.—Understanding that some persons along Columbia, contemplate embarking in the Silk Culture, and as there may probably be others elsewhere, I have thought proper to give notice, that I will have some young trees of the Chinese Mulberry to sell.

If adequate encouragement could be expected, I could make arrangements to supply a considerable number annually, at the northern prices. I could easily, during the winter of 1838, supply from fifteen to twenty thousand, if I had any certainty of a demand for that number. Should any one desirous of obtaining a supply, drop me a note at this place, (Camden) it would soon come to hand, at Longtown, Fairfield District, where I reside. A knowledge of the probable demand at an early period would enable me to arrange my plans and operations to meet it.

Dec. 2 31 2t WM, ELLISON.

WINTER ARRANGEMENT! DECEMBER.

It is with pleasure that I call the attention of my friends and correspondents to the schemes put forth for the month of December, as they really present a combination of Capitals never before equalled.

Persons living out of the State, who send Advertisements and Job-work, are requested to state, who, and where their accounts are to be sent for payment. May 6, 1837.

OR SALE-The subscriber's house and lot in the town of Camden, situate on the East side of Broad street, opposite Col. John Carter's. If not previously disposed of, it will be sold before the Court House in Camden, at public sale, on Monday, the 1st January next, on a credit of twelve months.

Also, on the 20th December next, on the pre-mises, his plantation known as Jourden's Hill, on the east side of the Wateree, about ten miles above Camden, the tract contains upwards of 200 acres of prime upland, 130 of which is cleared, under good fence, with all necessary fixtures in good repair. The property can be seen and treated for at private sale, at any time previous to the above time, on application to Nov. 11 28 If J. J. MICKLE.

THE success of the SOUTHERN TONIC is unprecedented. It has been anxiously sought after by all persons in every part of the United States, and its widely extended distribution has been owing to the many requests received from every section of the South and South West. Although it originated in an obscure part of the country but a few years since, it is now found in all the principal towns and villages in the Union, and its virtues as a cure for Ague and Fever, and as a general Tonic, are appreciated by all who have used it Being as it professes a compound of Southern Vegetables, it is needless to offer the assurance that there is no Arsenic, Mercury, nor any thing in the least hurtful to the human constitution in it. It will be found a releast here. tion in it. It will be found a valuable Medicine in all cases of Dyspepsia and disorganised Stomach, and Bowelsl and patients convalescing from Ell-lious Fever, will derive the most important benefits from the use of the Southern Tonic. It may be administered to children and infants of the most tender age with the utmost safety. Prepared by Coster and Coxe at their Labratory, at Montgomery Alabama. For sale by their appointed agent, JAMES R. M'KAIN.

June 3 1

JONES' . PATENT COTTON GIN.

HIS Gin can be made double. or single. If double, the quantity of cotton over the single cylinder Gin, no other knd having been in use prevous to this patent; and whether single or double, they are found to improve the quality of the cotten, by more perfectly cleaning it. They can be made to contain from 20 to 160 saws in a stand, and whether small or large, one hand will be sufficient to attend them. The Gins have mechanical feeders and hoppers attached to them, which free the cotton from leaves, trash, dirt, &c before it can reach the saws, and by the thorough hackling operation it receives from the feeders, which make two revo-lutions to one of the saws, it is almost in a half gined state, before it descends to the saw By a very simple arrangement of a screw to each set of gaates, on which the hoppers rest, and through which the teeth of the feeders pass, they can be made to feed slow or fast to suit the condition of the cotton at the time. When made double, the saws are placed on two sets of cylinders and turn upon each other in opposite directions, and are cleansed by two sets of brushes that have four revolutions to one of twe saw. The two cylinders can be detached so as to enable the planter to run one or both at pleasure, although embraced with feeders, &c. in one stand. The whole is put in operation with a drum and band, as in the ordinary Gin, and may be propelled by horse, steam, or water power. It may also be propelled by iron running gear. The force required to work it, is about the same as that necessary to move an equal number of saws in the common Gin. This Gin has been put in operation in New Orleans for two or three weeks, and its success tested in the presence of a large number of planters, merchants and others, and

received their general approbation.
Several gentlemen have been so kind as to give the Patentee their written opinion respecting the merits of the Gin. A number of others could be added, but the following are deemed sufficient: From his Excellency Gov. White of Louisiana.

New Orleans, Feb. 27, 1837.

Dr. A. Jones—Sir, In reply to your enquiry, what I think of your improved Cotton Gin, I have to say, that I saw it work on Saturday the 25th inst. and was very much pleased with its performance. The mere fact of its self-feeding, seems to me to be a very valuable improvement; and besides, the quality of the cotton, as it comes out of the profrom the common Gins in use, and that it saves considerably in labor. Respectfully, &c.
E. D. WHITE.

From Mr J. Compton, a wealthy planter, resident in the Parish of Rapide, Louisiana.

Dr. Jones—Dear Sir, I have examined your Patent Cotton Gin, with feeders, &c. And have seen it in operation, and approve of it so highly, that I have taken the liberty of ordering one for the participal in time for the participal. my plantation in time for the next crop.
Yours respectfully, J. COMPTON.
New Orleans, Feb. 28, 1837.

much better appearance. I have, for the good the country, it may be time duly appreciated.

Dr. A. Jones — Dear Sir, we have examined the sample of cotton left with us, deaned by your Patent Cotton Gin, and also the cotton in its uncleaned attack and firm only the suppless which have come under our charge of the suppless which have come under our charge of the late of the suppless which have come under our charge of the late of the lat

From Col. Have the series, a planter of Wilcon county; and the by Dr. David J. Means, a planter of Green county, and Mr. Wm. C. Chiffon, a planter of Dallis county, all of Ala. Dr. Iones—Dear Sir, in reply to your inquiry moncerning your inquiry concerning your new Patent Cotton Gin, we deem it no less a pleasure than a duty to say to you, emphatically, that we consider it a most decided and valuable improvement. We have examined it carefully and seen it in successful operation, and we feel no hesitatancy in recommending it to the attention of planters generally. Most respectfully yours, &c.

HARRIS SMITH EVANS,

DAVID J. MEANS,

WM. C. CLIFTON.

New Orleans, March 7, 1837.

New Orleans, March 7, 1837.
P S.—As a further testimony of my confidence in the success of your Gin, you will please order two Double Gins of 80 saws in a stand each, for my plantation, and oblige yours truly,
H. S. Evans

As a further proof of my confidence in your Gin, you will please order me a Double Gin, of the same size, for my piantation, and oblight yours respectfully,

Mr. Clitton also stated, that if he had not just before bought two new Common Gins, that he would likewise have ordered one or two of the Patent Gins for his plantation.

would likewise have ordered one or two of the Patent Gins for his plantation.

From Mr. H. F. M Kenna, of the house of Bfander, M Kenna & Wright, of New Orleans.

Dr. A. Jones—Dear Sir, m reply to your note, accompanied by a specimen of the cotton, ginned by your Patent Gin, I beg leave to observe, that it exhibits a decided improvement on the usual process of ginning; delivering the staple uninjured and free from hap or trash, clean and of good color; thereby giving the article an additional value. These favorable impressions of the advantages of your Patent Gin, have been confirmed by subsequently witnessing it in operation. The utility of the double cylinders and saving of labor, will be readily perceived and properly appreciated by the intelligent planter.

intelligent planter.
Feeling a deep interest in the success of all improvements tending to benefit the important staples of our country, I trust that yours will meet with the encouragement it justly merits.

Very respectfully, your ob't serv't,

H. F. M'KENNA.

New Orleans, March 6, 1857. From Mr. G. Senior, a Machinist of New Orleans.

Dr. A. Jones—Dear Sir, in answer to your inquiry of my opinion of your Patent Cotton Gin, I beg leave to state, that I was fifteen years engaged in the cotton factories of Manchester, England, and during four years of that time, I was foremun in the house of Messrs. Lewis, Williams Co., and near five years spinner in the house of Messess: Sandford & Greene. I have seen your Cotton Gin in operation, and have examined the cotton ginned by it, and pronounce it better clean-sed, and the staple less injured, than any cotton that ever same under my observation. It is completely ready for the breaker without the aid of the blower, and would, therefore, save the first process in manufacturing the article. I consider cotton cleansed by your Gin, would command from one to two cents on the pound more than the average crops brought into the Manchester market, and cleansed by approach to the command from the market, and cleansed by approach to the command from the market and cleansed by approach to the command from the market and the command cleansed by common Gins Yours, very resp'ly.

N. Orleans, March 9, GEORGE SENICR.

Dr. Jones—Dear Sir, in answer to your inquiry

respecting my opinion of your Patent Cotton Gin, I have to state, that I have been engaged in put ting up the Carver Gins for planters on Red River, and that I have seen your Gin in operation, and have examined the quality of the cotton produced by it; I consider it equal if not superior to the Carver Gins: in addition to which, I think your feeders a decided improvement, and by the sid of ers a decided improvement. ers a decided improvement, and by the aid of which, the quality of the cotton cleansed appears much improved, over that produced by the com-

mon Gins. Yours &c. S. BENNETT.
New Orleans, March 10, 1837.
In addition to the above, the Patentee will refer planters to the following gentlemen, who have either seen the Gin in operation, or have examined made double, they reduce labor, and gin just samples cleansed by it : Messrs. N. & J. Dick Thomas Barrett & Co., Hagan, Niven & Co., Lambeth & Thompson, Martin, Pleasants & Co., Hermann, Briggs & Co., Wm. L. Flower; Eullitt,

> ORDERS RECEIVED FOR Jones' Patent Cotton Gin, By the Patentee, No. 53 Magazine st. New-Orleans To be manufactured in New York, by Robert

Hoe, & Co. SCALE OF PRICES. DOUBLE GINS.

For a Double Gin of 80 saws or more on each cylinder, making 160 saws in the stand, with feeders, bands, &c. at \$6 per saw, or For a Double Gin of 60 saws on a cylinder, or 120 saws in the stand, feeders, &c. at

\$6 per saw, or For do, of 40 saws on do, or 80 saws in a stand, at \$6 25 per saw, or
For do. of 20 saws on do. or 40 saws in a
stand, at \$6 50 per saw, or
SINGLE GINS. 260 00

For a Single Gin of 80 saws or more, with one set of feeders, bands, &c. at \$6 per

For do. of 60 saws, with feeders, &c. at \$6 50 per saw, For do. of 40 saws, with feeders, &c. at

\$6 75 per saw, For do. of 20 saws, with feeders, &c. at \$7 50 per saw, 150 000 Extra teeth where desired, for feeders, supplied

at 40 cents each; the number of teeth being about equal to the number of saws. One set of feeders, it is considered however, will wear out two or three sets of saws Extra saws supplied at 80 cents each.

The Gins ordered will be delivered to the agents, of planters in any of the sea port towns of the cotton planting States, at the above prices, the agents paying the fright. paying the freight on the same from New York,

and becoming responsible for the amount of the Gin.
It is desirable, when planters give orders for Gins, they should accompany them with their views in they should accompany them with their views in regard to the arrangement of saws, breasts, brushes, &c. It is found they differ in opinion. Some desire saws of larger diameter than others. The most common size is 9 or 10 inches; but some wish them 12 inches. Some wish 5 or 6 rows of brushes on an axle, while others do not want more than 4 at most. Some wish saws with 8 or 9 teeth to the inch. while others want 10 or 11. With so much discrepancy, we prefer they should, at the time of giving orders, idenish a statement of their wishes, and the manufacturerers can fulfil them in every and the manufacturerers can fulfil them in every particular. Where it is left to our discretion, we shall make them on the most modern and approved plan. An order can be executed, from the time it my plantation in time for the next crop.

Yours respectfully,
New Orleans, Feb. 28, 1837.

From Mr. A. Longer, an experienced and eminent Cotton Broker of New Orleans.

New Orleans, Feb. 28, 1837.

Dr. Jones -Dear Sir, in annwer to your note of this morning, I will state, that I have carefully examined your new Patent Cotton Gin, and have found it far superior to those generally used in this
